Dear Mr. Matthews,

I've had nothing to do woty Lane for years and do not know where he lives.

It is probably Washington, DC because he did move there and he is affiliated with the Amerinazi Willis Carto. He was Carto's lawyer in the case he misrepresented to be able to do Plausible Denial. The only question before that jury, regardless of what Labe says, was malice. Marita Lorenz has no ~~credibilit~~ credibility at all and part of her fairy tale was without question an absolute impossibility.

From what I hear Lane rarely answers letters,

I do not recall whether you have my Case Open or Never Again"$ but if you do not they and other assassination books, including all the trash can be gotten from The Last Hurrah Bookstore, 1737 Memorial Ave., Williamsport, PA 17701.

Sincerely,

Harold Weisberg
